WORK EXPERIENCE

METRIC MARKETING / Saline, MI / metricmarketing.com

Graphic Design Lead / 2023 - 2024

Graphic Design & UX Manager / October 2024 - present

- Lead a design team producing digital marketing assets—including ads, email assets, social content, and website design—while managing workflows and timelines to ensure timely delivery and resource efficiency.
- Serve as the primary design liaison in client meetings, presenting concepts and advocating for user-centered design solutions.
- Develop and maintain brand identity systems for multiple clients across various industries, ensuring consistency across all digital touchpoints.
- Design wireframes, interactive prototypes, and high-fidelity UI mockups using Figma and Adobe XD.
- Work closely with digital marketing strategists, SEO experts, and content creators to align visual design with campaign goals and performance metrics.
- Collaborate with developers to implement responsive and accessible design solutions optimized for performance and engagement.
- Utilize analytics tools (e.g., Microsoft Clarity, Google Analytics) to monitor UX performance and iterate on design improvements.

THAT'S MY IDEA MARKETING / Woodbury, MN /

thatsmyideamarketing.com

Graphic Designer / June 2022 - October 2023

- Designed and built SEO-optimized websites for clients using Wordpress Divi builder.
- Conceptualized business cards, brochures, signage and other print materials for local businesses.
- Assisted in development of digital marketing strategies for new businesses.
- Worked directly with clients on projects from start to finish to ensure we delivered a product they loved.
- Attended and participated in weekly business networking meetings with local business owners.
